Congress.

The bill of Mr. Elizur of Vt. relating to Presidential elections came up Monday, when that Senator stated his provision.

Mr. Elizur in explanation of the bill said it changed the time for the appointment of Electors from the first Tuesday in November, as now provided, to the first Tuesday in October. It further provided that the Electors should meet and give their votes on the second Monday of January, instead of the first Wednesday of December, as under the existing law. The Electors were to be appointed a month earlier than now, and were to meet a month later. The object of this was to give a longer time for the State to dispose of any dispute as to who may have been chosen Elector. The bill next provided that each State, by law passed beforehand, should provide for the trial and determination of any question as to who may have been chosen an Elector. The fifth section was about the same as the present law, which provided for the Executive of the state specifying to the proper lists, &c. The next section provided for the ceremony or form of counting the votes on the second Monday in February; and also, that where an aggravated condition of affairs existed in any State in respect to two sets of returns, that one should be counted, which the two houses should declare the true one; or that, since the state failed to provide for it, in case of a dispute, as to who were its Electors, no vote should be received unless upon the affirmative vote of the two houses of Congress. The next section prohibited debate when the two houses were in joint session. It further provided for the separation of the two houses upon question arising, and the decision of such question by each house in two hours under the five minute rule.

Mr. Cameron, of Wisconsin submitted the following:

Resolved, That the President of the United States be, and he hereby is requested to furnish the Senate, if not incompatible with the public interests, with copies of records of United States Marshals and other officials, and such other correspondence as he may have relative to the recent election in the states of South Carolina and Louisiana. Agreed to.

By Mr. Page, of California.—To enforce the Fourteenth and Fifteenth amendments of the Constitution. The bill recites that in the late election in South Carolina a large number of male citizens belonging to one political party were, by a law enacted by the Legislature of said state and by a concerted system of oppression, terrorism, and fraud, denied the rights secured them under the Constitution, and enacted that after the 1st of March, 1879, the state of South Carolina shall be entitled to two members of the house of Representatives on the basis of the whole number of white inhabitants of said state.

Mr. Beck: A bill, of which he gave notice yesterday, for the repeal of section 1218 of the Revised Statutes of the United States, which provides that no person who has held any position under the Confederate government shall be appointed to any position in the army of the United States. Laid on the table for the present, Mr. Beck stating that he had not yet made up his mind as to what committee he would have it referred.

Mr. Merrimon introduced a resolution calling on the Secretary of War for a detailed statement as to the arms and ammunition supplied from the Ordnance Department of the army to officers and soldiers, marshals and revenue agents, respectively, when and were to be used; if any had been sold, when and to whom, and the disposition of the proceeds.

Agreed to.

The House passed, to the general surprise, Mr. Reagan's foolish bill to regulate interstate commerce. It ought to be called a bill to block up the harbors of New York, Boston, Philadelphia and Baltimore, for if it should become a law, which is very unlikely, it would make the importation of grain for Europe from the West as good as impossible.

The bill forbids special rates on

any

protect whatever, or for whatever

despatch, or considerability, of heavy goods,

and considers that freight shall

be carried at precisely the same rates per

mile for all distances long or short,

and that the rates shall be posted up

at stations and must not be varied un-

der thirty days after such posting. It

was vigorously opposed, especially by

the New York members, Messrs., Pe-

ter and Hewitt; but Mr. Reagan car-

ried the day, the granger spirit being still strong in the House and its ignor-

ance being still stronger.

On Wednesday Mr. Blaine, of Maine, called up his resolution on the southern election frauds, and addressed the Senate in a very powerful and elaborate speech, which we shall publish in full next week.

Mr. Thurman and Mr. Lamar replied to him in a very caustic and inconclu-

sive manner, and there was some sharp repartee to them on the part of Mr. Edmunds.

George T. Terrell, Joseph H. Wilson and Nelson Campbell have each been ap-

pointed revenue storekeepers and gaugers for the fifth district of North Carolina.

WADESBORO AND THE GEN-

ERAL RAILWAY.

We clip the following from the Peo-

ple's Herald.

Transportation from this place direct to the city of Charleston, can now be had—*da-jai* line of stages and freight wagons supplying the connection between Wadesboro and Cheraw. [Monroe Enginer.]

Why is that? Can't shipping over the Carolina Central Railroad be done to an advantage by the business men of Wadesboro and Monroe? Speak out and let the blame be placed where it belongs.—[Charlotte Democrat.]

This question you ask brother Democ-

rat is easily answered. It pays our cotton buyers to sell their cotton in Charlotte, so the get about the same for it there as they do in New York; and it only costs two dollars per bale to send it to the former place, while to send it to New York, they pay three dollars and forty cents; and the Charlotte merchants are offering inducements equal to New York or elsewhere. And besides, they know the virtues of this printer's ink, and we expect to use our influence in sending all the trade to them, as long as we are North Carolina men don't try to secure the trade of the people of this section, by letting them know what they have for sale through the columns of the papers of this section.

In the same paper is an article copied from the Cheraw S. C. News in which it is stated that there is a stage and freight line from Wadesboro, Monroe, and other points on the C. C. Railway and Wadesboro daily in large quantities," from the line of 1880, the six mile route.

We have noticed latterly a great

deal of complaint in the newspapers on the upper part of the Central Railway line, about the prices of freight on that road and the high charges for mer-

chandise in Wilmington. There seems to be a general war both on the Central Railway and Wilmington. "All along the line." We are not informed as to the merits of these complaints, but if there are superior advantages, as is stated, in drawing cotton across the Central Railway to Cheraw as compared with sending it to Wilmington, and if there is any considerable diversion of the business of that section to Charleston, it is a matter which requires the serious attention both of the managers of the Central Railway and the merchants of Wilmington. Our columns are open to anybody who may desire to discuss the subject with a view to getting at the facts. In the meantime we express no opinion as to the merits of the controversy either way.

The first North Carolina District.

WILMINGTON, N. C., Dec. 9, 1878.

To the Editors of the National Republican:

SIR: An editorial appeared in the National Republican of the 5th inst doing me gross injustice, and I write this respectfully requesting that you publish the same.

I have adopted no tactics by which

to influence the next House in the event of a contest.

In case of a contest I shall stand

upon the justice of my cause. You say,

"He (referring to me) is a scoundrel,

and trying to bolster himself up by proving that he is not a Republican." In this you are mistaken.

The general political outlook is about

the same—the Greenbackers of this

section consist of about the same ele-

ment, promise of office, or something of

that nature. The people being some-

what afraid to fool with the new-fangled

machine, which promises so much and

accomplishes so little in the present

and foreshadows so much evil for the

future.

The North State Press, at Washington,

N. C., thinks the building of the Wil-

mington and Greenville Railroad would

go far towards connecting Washington

by rail with the outside world, and is en-

couraged. It says: "We understand

that the citizens of the town of Wilson

say they stand ready to subscribe forty

thousand dollars to this road, which

will be increased by as much more

from the county. One of the leading

merchants of Greenville says that he

can confidently guarantee at least

twenty-five thousand dollars from the

town of Greenville."

THE WILMINGTON POST.

WILMINGTON, N. C.

SUNDAY MORNING, DEC. 15, 1878.

Mr. Editor:—The adjournment of the Federal court and the Grand Lodge of Masons leaves the Capital in a state of comparative quiet at this writing, and our people have little to talk of, if we except the prospects of the different aspirants for Senatorial honors. Last week the county officials elected in August last, were duly installed in office by the new board of county Commissioners, and the affairs of old Wake are in good hands. Most of the officers were old ones and therefore fully experienced. It was a scene of much gratification to the Republican party of the county, that the gentlemen elected to the various positions not only found no difficulty in giving bonds for the duties of their respective places, but of the wealthiest and most influential of our citizens readily came to their relief. The following are the names of the newly elected office **g** and the amounts of their respective bonds: Sheriff J. J. Nowell, \$30,000; county Treasurer John B. Neathery, \$117,000; Clerk of the Superior Court, Chas. J. Upchurch, \$10,000; Register of Deeds, W. W. White, \$10,000; Coroner, W. R. Richardson, \$2,000.

Well may the Republicans of Wake be proud of these gentlemen. Not better citizens live in the county, and the prompt manner in which they complied with the law regarding official bonds, attests their perfect integrity.

The diversity of opinion in relation to the Senatorial question is wide. All sorts of combinations are talked of, but no definite opinion can be expressed thus far. If there should be a "dark horse," it has not cropped out yet who will be the fortunate individual. Vance and Merrimon are trying to swallow each other, and whether they succeed or not is a matter of supreme indifference to orthodox Republicans. In any event the Bourbons are in a fix, and the old saying, "when rogues fall out, honest men get their dues," will doubtless come in well.

You shall be posted from time to time in the CENTRE.

The invention of that Superior and Complete Sewing Machine (The Family Shuttle Machine), marks one of the most important eras of the history of machinery, and when we consider its great usefulness and extremely low price (\$25), it is very difficult to conceive of any invention for domestic use of more or even equal importance, smooth, and quiet movement, rapid execution, certainty of operation, and delightful ease, that at once commends it above all others. The working parts are all steel; the bobbin hold 100 yards of thread; the stitch is the firmest of all stitches made, neat and regular, and can be regulated to a moment to sew stitching down to the finest, so infinitesimal down to the finest, so infinitesimal that it can be hardly discernible with the eye, and with rapidity rendering it impossible to equal them as fast as made; it does to perfection all kinds of heavy, coarse, plain, gauze, or fancy-needle-work with ease and far less labor than required on any other machine. It needs no commendation, the rapid sales, increasing demand, and volunteer encomiums from the press, and the thousands of families who use them, amply testify to their undoubted worth as a standard and reliable household necessity, extending its popularity each day. This popular machine can be examined at the office of this paper. AGENTS WANTED by this company. Address them for information. FAMILY SHUTTLE MACHINE CO., 755 BROADWAY, NEW YORK 10 t.

PROF. HARRIS'S RADICAL CURE

A Vegetable Stimulant and New Depurative for Men and Women.

And Remedy for the Disease of Seminal Masturbation.

It is true, via Direct

Dr. Edward G. and Dr. Weston.

This disease is painless, inconvenient,

and nervousness, which arises from the

Diseases of the Nervous Faculty.

Constitutional debility, debilitated

and debilitated, debilitated, debilitated,

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning, will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dozens of the head, nervous prostration, loss of spirits, &c. Its sales now reach every town on the Western Continent and no druggist will tell you of its wonderful cures. You can buy a sample bottle for ten cents. Three doses will relieve you.

It is a principle in hygiene, that a torpid liver is a cause of fatal derangements of the physical organism. The blood, the bone, the muscles, the nerves all sympathize with this more prominent organ. Failure to obey its functions in the one is rebellion in every remote tissue. As a consequence, disease follows the slightest apathy or refusal of the liver to perform its part. Abnormal condition here for any length of time is death! To induce a normal state, no medicine is more positively adapted than Dr. Sanford's Liver Invigorator. This is not advertisement, but fact. We have used the Doctor's valuable medicine in our family for twenty years. We know him to be a physician of over thirty years' continuous practice, and that he has used the medicine in that practice. If the thousands of poor, miserable, sallow-looking, dyspeptic victims we meet every day would use Dr. Sanford's Liver Invigorator, they would recover health. What more can be said?—*The Working Church, New York.*
